Adding a Channel

Adding a Channel

Adding a video to the program will allow you to manage it and most of all watch it offline why not add multiple at once.

1. To get started open the YouTube Website. You can do this by clicking this button:

YouTube Video Manager

2. Once you are on the YouTube Website find a video you would like to add by the desired channel:

1.

The screenshot shows a web browser window displaying a YouTube video. The video title is "Funny Dogs - A Funny Dog Videos Compilation 2015". Below the title, it says "15,816,793 views". To the right of the views, there are like (42K) and dislike (5K) buttons, along with share and more options buttons. Below the video player, the channel information is shown: "MashupZone" with a verified badge, "Published on 13 Jun 2015", and a "SUBSCRIBE 946K" button. A yellow box highlights the channel name "MashupZone". A small note at the bottom of the video player reads: "Check out these funny videos of funny dogs and funny puppies. It has some funny dog fails and wins and other videos. So enjoy this 2015 compilation. Try not to laugh."

3. You now need to go to the Channel Page, do this by clicking the Channel Title:

1.

Funny Dogs - A Funny Dog Videos Compilation 2015

15,816,906 views

42K 5K SHARE ...

MashupZone Published on 13 Jun 2015

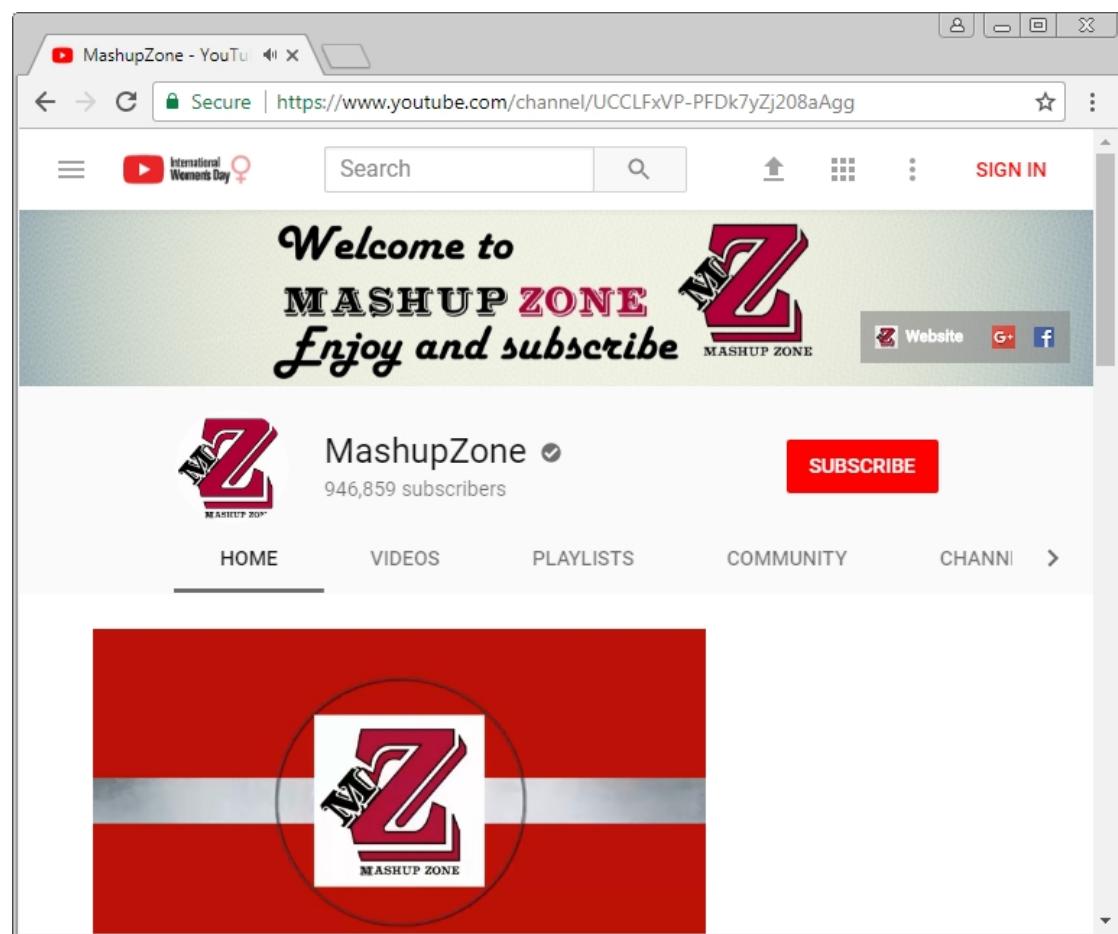

SUBSCRIBE 946K

Check out these funny videos of funny dogs and funny puppies. It has some funny dog fails and wins and other videos. So enjoy this 2015 compilation. Try not to laugh.

SHOW MORE

4. As you will see this is the Channel page

1.

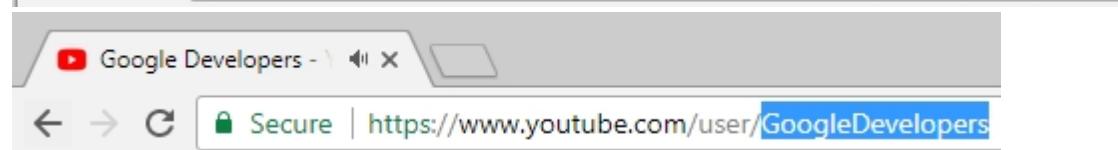

5. You need to copy the Channel ID or Name, they may look like the following:

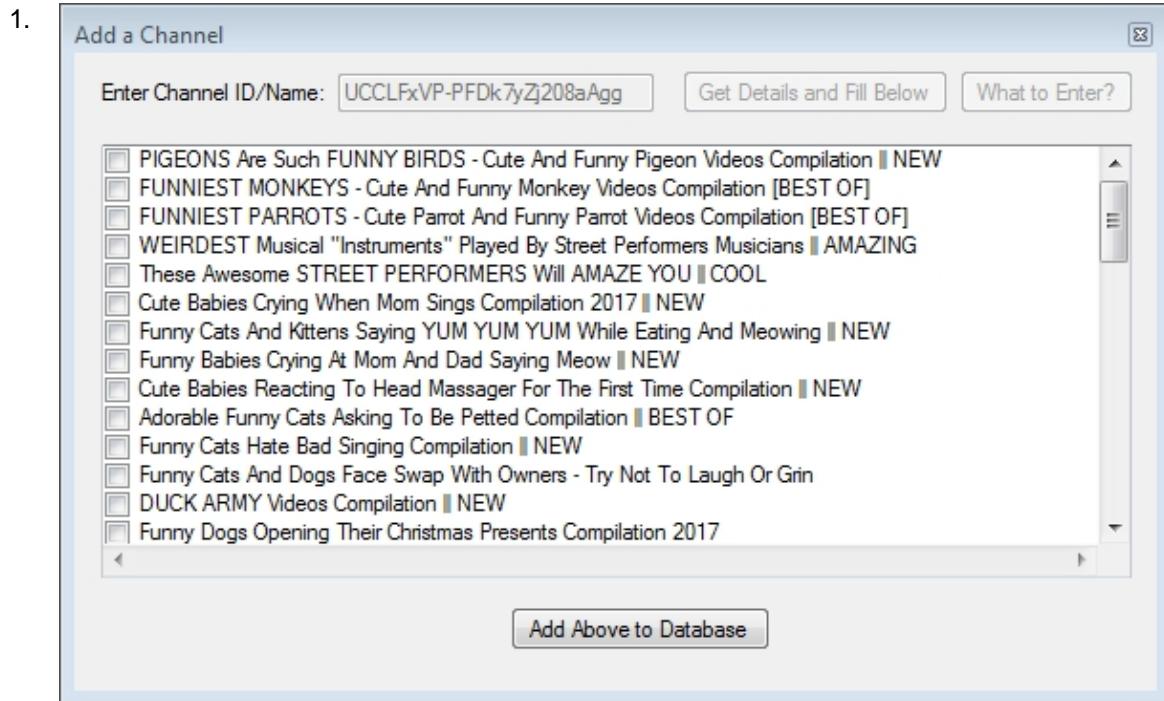

1.

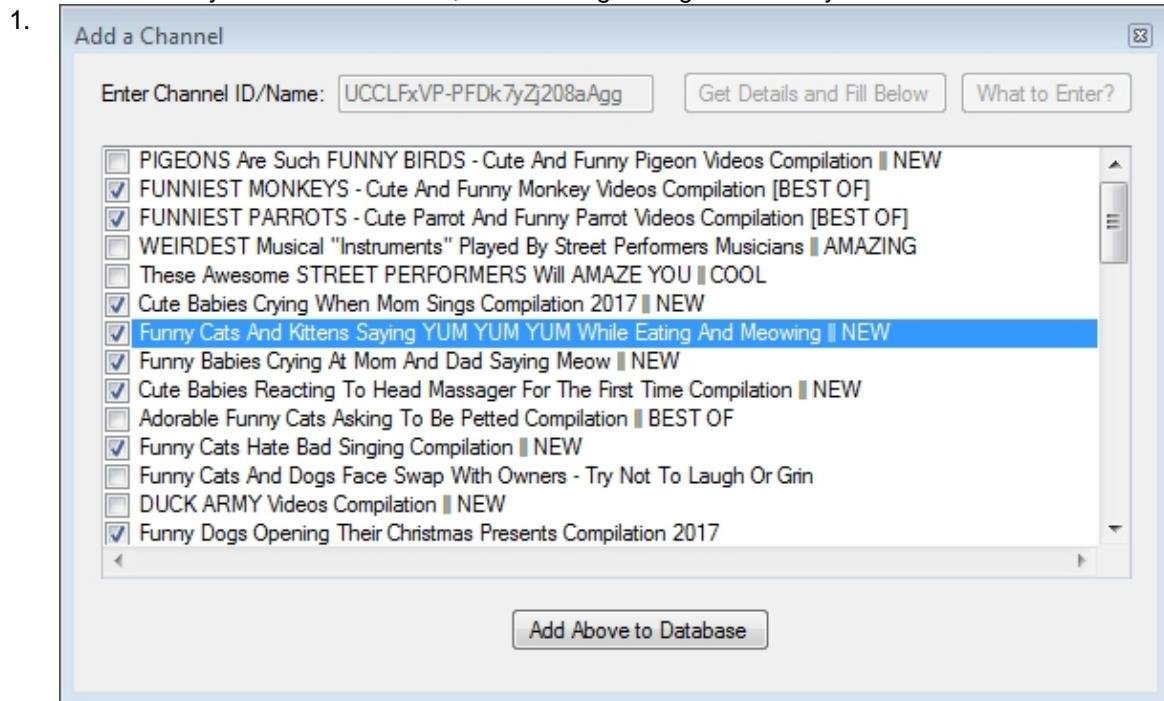

2.

6. Now go back to YouTube Video Manager and open Add Channel, paste in the Channel ID and click Get Details:

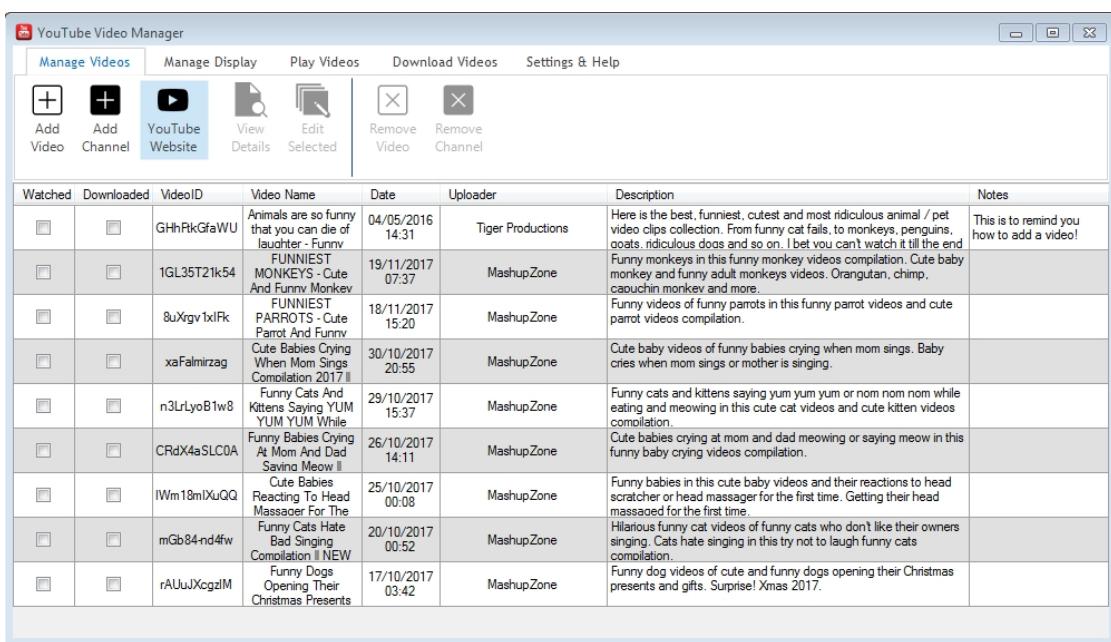

7. Select all the Videos you would like to add, due to Google's regulations only the 50 latests will be there:

8. Click Add To Database when you have selected all you like and you will notice them in the program:

YouTube Video Manager

1.

The screenshot shows the YouTube Video Manager application window. At the top, there are tabs: Manage Videos, Manage Display, Play Videos, Download Videos, and Settings & Help. Below the tabs is a toolbar with icons for Add Video, Add Channel, YouTube Website, View Details, Edit Selected, Remove Video, and Remove Channel. The main area is a table listing 10 videos:

Watched	Downloaded	VideoID	Video Name	Date	Uploader	Description	Notes

Adding Individual Videos

Adding a Single Video

Adding a video to the program will allow you to manage it and most of all watch it offline.

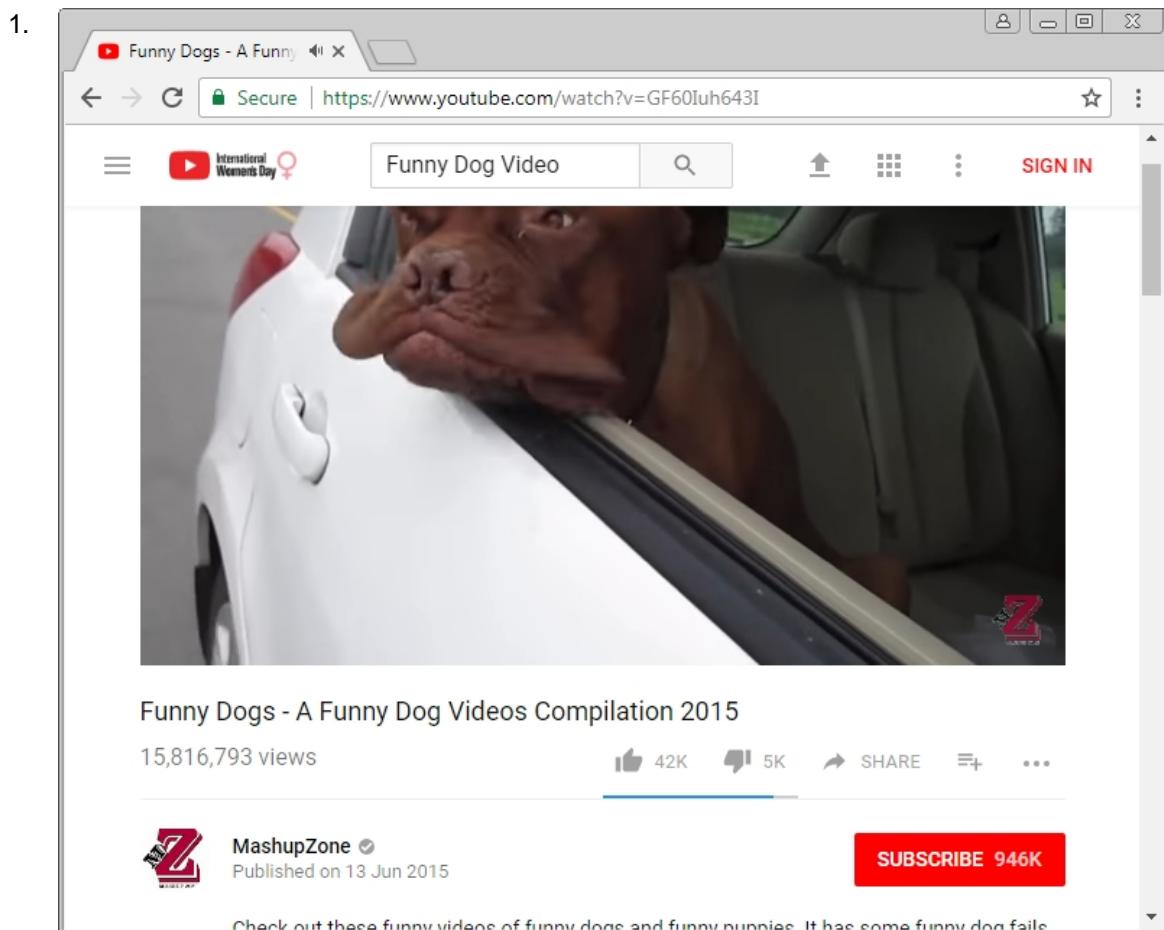

- To get started open the YouTube Website. You can do this by clicking this button:

The screenshot shows the YouTube Video Manager toolbar. The buttons are: Manage Videos, Manage Display, Play Videos, Download Videos, Add Video, Add Channel, YouTube Website, View Details, Edit Selected, Remove Video, and Remove Channel. The YouTube Website button is highlighted with a yellow box.

- Once you are on the YouTube Website find a video you would like to add:

YouTube Video Manager

3. You now need to copy the Video ID, you can find this in the URL bar:

1.

A screenshot of a YouTube video page with a context menu open over the URL bar. The URL bar shows the video ID "v=GF60Iuh643I". The context menu includes options like Undo, Cut, Copy, Paste, Paste and search, Delete, Select all, and Edit search engines...

Secure | https://www.youtube.com/watch?v=GF60Iuh643I

Funny Dog Video

4. Select the ID, it's the bit after the v=, and copy it.
5. Now go back to the YouTube Video Manager and click Add Video

1.

A screenshot of the YouTube Video Manager interface. The "Manage Videos" tab is selected. Below it are several buttons: "Add Video" (highlighted with a yellow box), "Add Channel", "YouTube Website", "View Details", "Edit Selected", "Remove Video", and "Remove Channel".

YouTube Video Manager

Manage Videos Manage Display Play Videos Download Videos

Add Video Add Channel YouTube Website View Details Edit Selected Remove Video Remove Channel

6. Enter the Video ID and click Get Details and Fill Below

1. Add a Video

Enter VideoID

Title

Creator

Description
WANT TO SEE YOUR PET IN OUR COMPILATIONS?
Send your clips or links to: tigerlicensing@gmail.com"/>

User Notes

7. If the Video ID is correct then you will see the Video Details. Here you can add User Notes to remind you about the videos.

1. Add a Video

Enter VideoID	<input type="text" value="GHHptkGfaWU"/>	<input type="button" value="Get Details and Fill Below"/>	<input type="button" value="What's a Video ID?"/>
Title	<input type="text" value="Animals are so funny that you can die of laughter - Funny animal compilation"/>		
Creator	<input type="text" value="Tiger Productions"/>		
Description	<p>Here is the best, funniest, cutest and most ridiculous animal / pet video clips collection. From funny cat fails, to monkeys, penguins, goats, ridiculous dogs and so on. I bet you can't watch it till the end without laughing :P Hope you like our compilation, please share it and SUBSCRIBE! Watch also our other videos!</p> <p>WANT TO SEE YOUR PET IN OUR COMPILATIONS? Send your clips or links to: tigerlicensing@gmail.com</p>		
User Notes	<p>This is to remind you how to add a video!</p>		
<input type="button" value="Add Above to Database"/>			

8. Now you can add the Video to the database by Clicking Add Above to Database.

9. You can see it has been added:

1. YouTube Video Manager

Settings

Settings

The settings options control how the program downloads videos. You can change the default download quality.

Changing the download quality means than that will be the maximum possible quality the program will download for offline viewing. If that quality isn't available it will try to get the next highest one.

Options are:

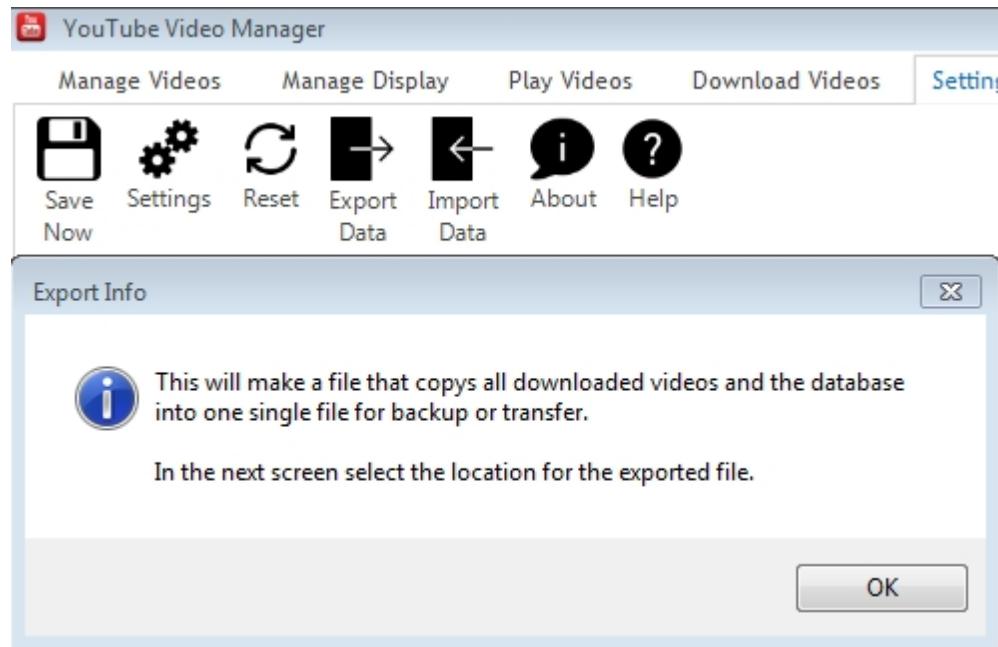

Created with the Personal Edition of HelpNDoc: [Create iPhone web-based documentation](#)

Exporting

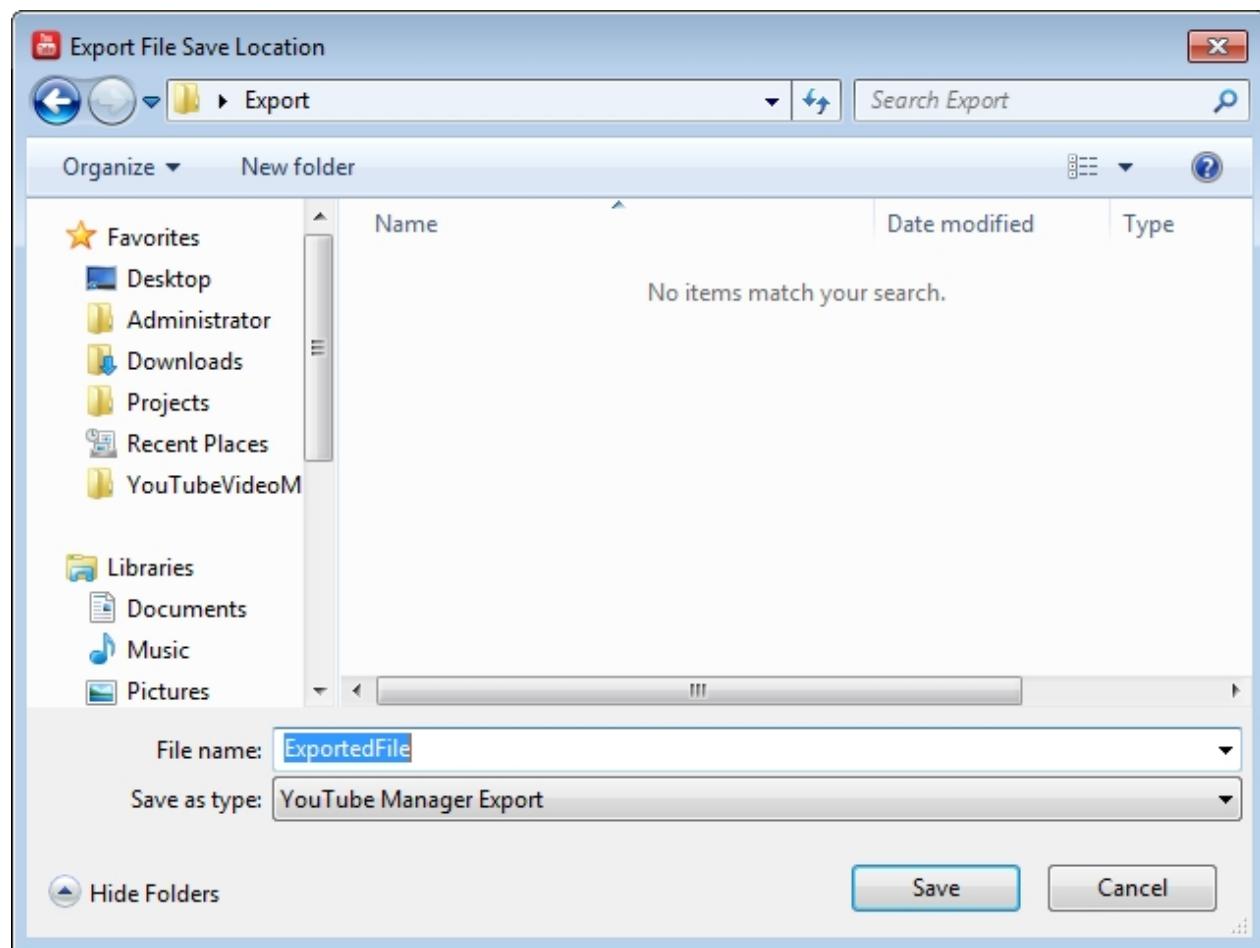

Exporting

You can export all information from the program. You may want to use this to transfer information between computers or as a backup.

To export data, go to the settings tab then click Export:

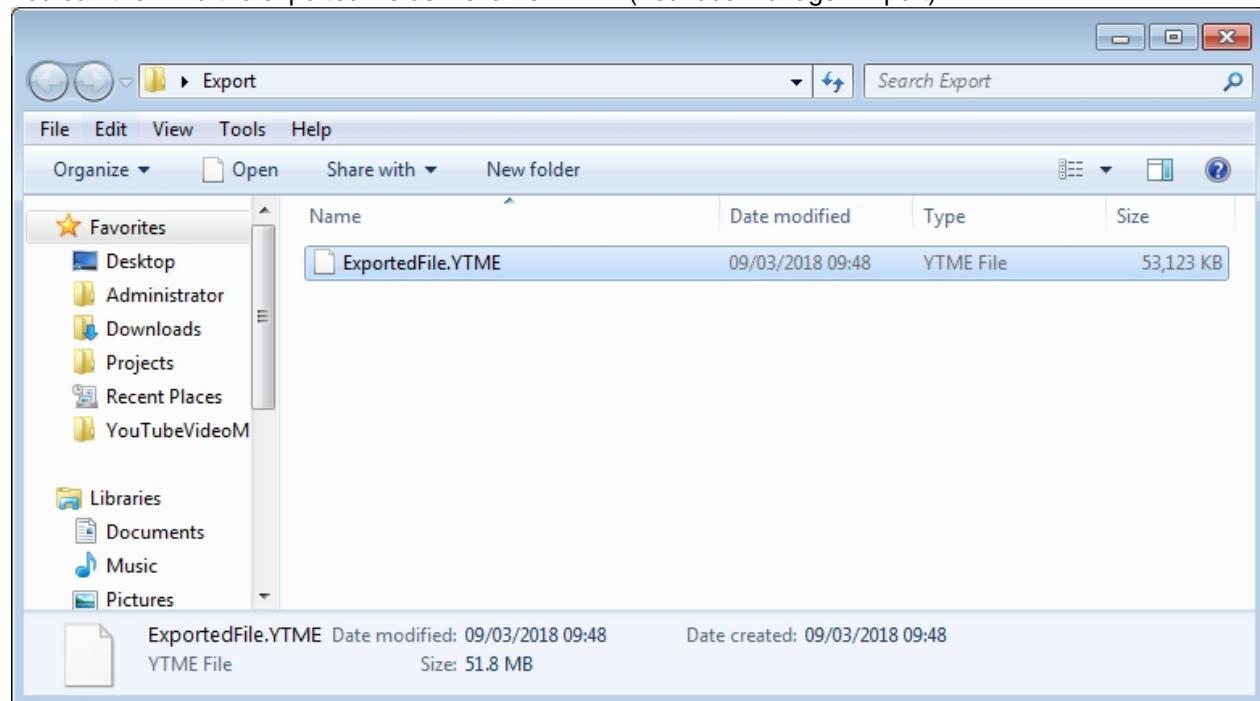

Click okay to the extra information then select a place to save the exported file:

You can change the name. Make sure you have access to write data where you want to save the file.

Click save and the program will export the data. If you have a lot, the program may hang.

You can then find the exported file as filename.YTME (YouTube Manager Export):

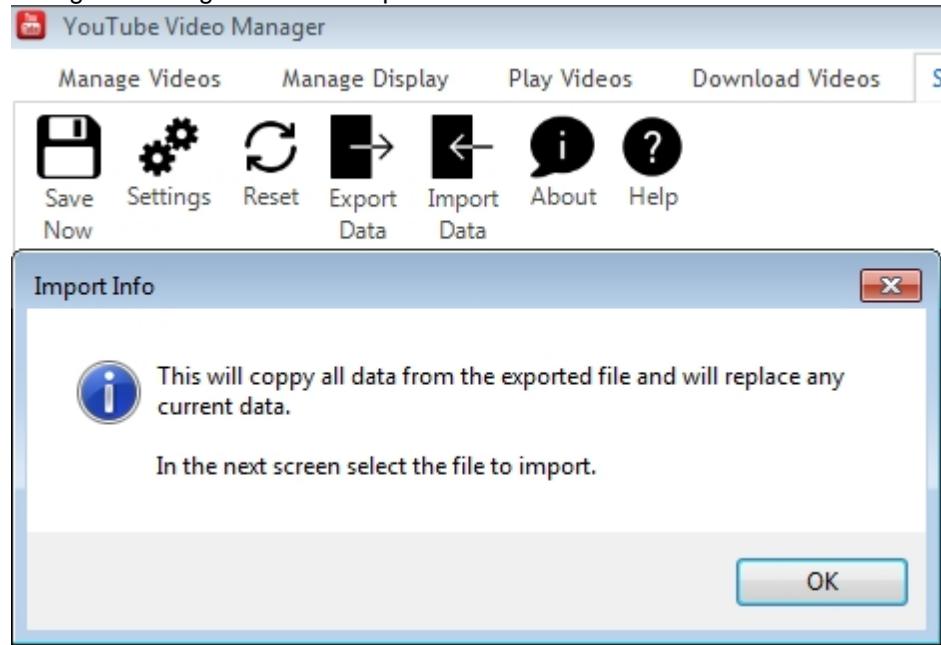

Importing

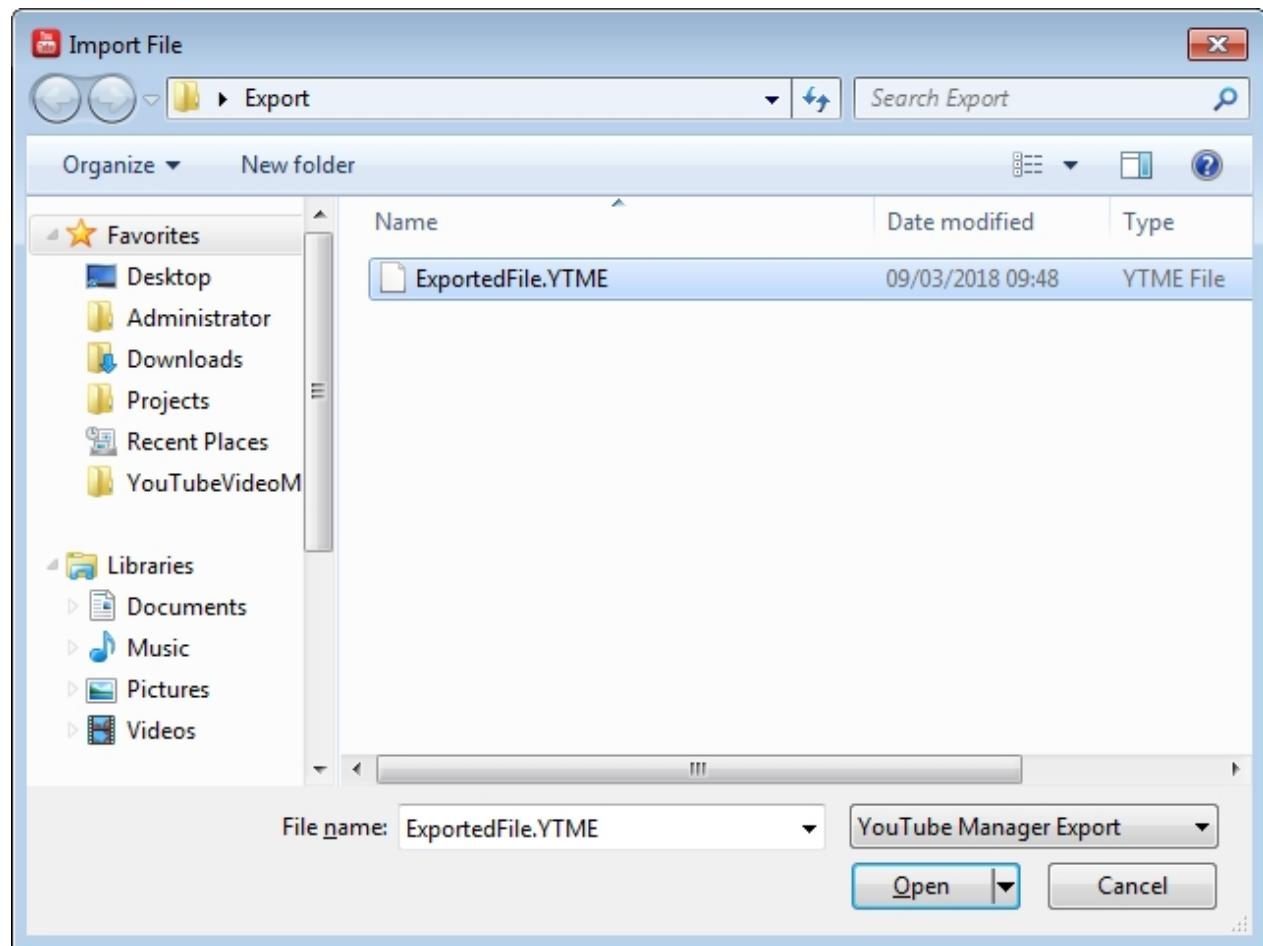

Importing

Once you have exported info you can then add it back to the program.

First go to settings then click Import:

More information is shown then click okay. You will then be prompted to select the import file. Browse to the location it is stored:

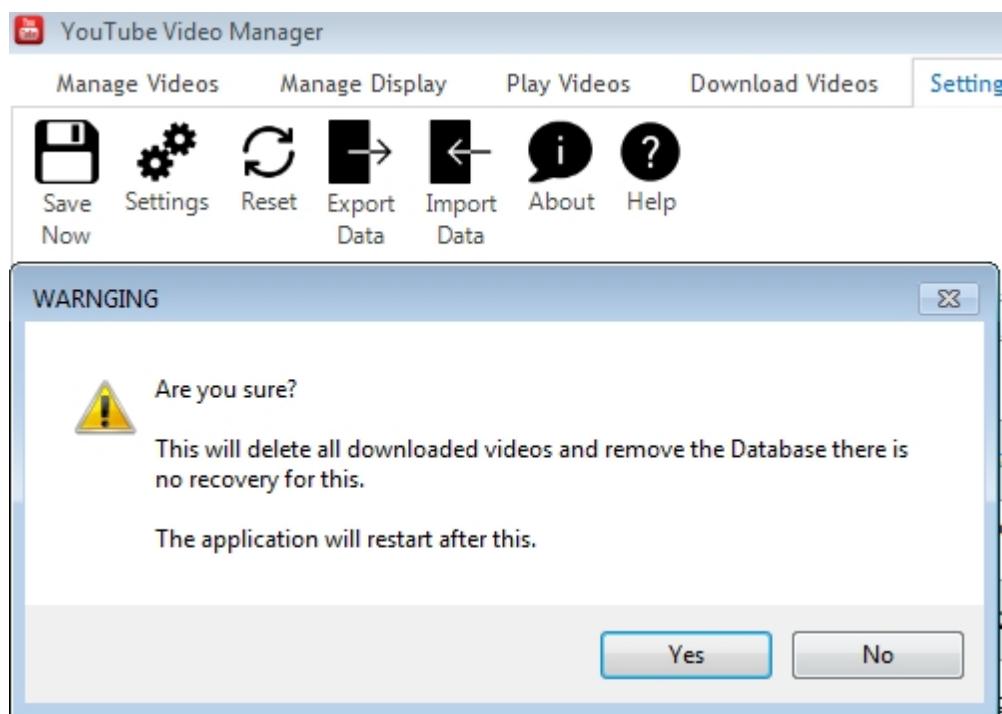

Make sure it is the correct file then click Open to load the file in. This will delete all your current information and replace it with the new information. If there is lots of data, the program may lag a little.

Created with the Personal Edition of HelpNDoc: [Easy to use tool to create HTML Help files and Help web sites](#)

Resetting

Resetting

To reset the program back to the initial settings go to the settings tab and click Reset.

Make sure you read the dialog. It will delete everything related to this program!

Once you click yes, the program will restart and clear itself.
